

## Travel Insurance

Thinking about exotic holidays? You wouldn't dream of going without your passport would you?

It's equally important, when travelling abroad, to ensure you have adequate cover for medical and other emergencies.

We can provide this cover, and much more, at competitive rates, on a single or multi-trip basis. Our Travel Insurance also includes baggage cover, repatriation and liability cover for additional peace of mind.

Although most of us prefer a restful break, there are those who like to make full use of the activities available at their resort. Our Travel Insurance will cover a range of sporting activities at no extra cost. For an additional premium, Winter Sports Cover can be included.

Offering cover for UK, European or Worldwide holidays, we believe our Travel Insurance provides excellent value for money.
